- Bachelor's Degree
- Master's Degree

Data source & notes: U.S. Department of Education, [College Scorecard](#). The **median** annual earnings of students one and five years after graduation. Only data from students who received federal financial aid are included in the calculation. These data are based on institution-reported information about students' program of completion. The U.S. Department of Education cannot fully confirm the completeness of these reported data for this school. Data for programs with small numbers may not be available and will display for one year only. Data only displays programs comparable to ISU.
