

# Leveraging involvement and collaboration to cultivate belonging

Using results from the 2023 National Survey of Student Engagement (NSSE)

**Activity #1: Tell us what student engagement means to you.**

**How can we cultivate a culture of engagement at ISU?**

**How can we motivate students to participate in campus life (be engaged)?**

# Leveraging involvement and collaboration to cultivate belonging

Using results from the 2023 National Survey of Student Engagement (NSSE)

## Activity #2: Select a Challenge

- Creating a greater sense of belonging** for first-year students to foster well-being and academic success, especially for culturally dynamic and other specific populations.
- Working across silos** to ensure a seamless and interconnected approach to addressing the diverse needs and experiences of students.
- Increasing institutional emphasis on academic preparation** and studying outside of class, practices essential for student success.

**What next steps do you see for ISU to improve student engagement in your selected category?**

**What is one thing you can do in your role(s) to address the challenge?**
